Dear Dr.  25X1A5a1

This is just a note to express my great appreciation for your help during my recent recruiting visit to the campus. We were very much impressed with a number of your people. I do not as yet have before me any of the completed applications stemming out of the recent trip so it's still too early to see what sort of interest we stimulated among your people. However, I have high hopes that three or four of them may be willing to consider us.

As always it was a pleasure to see and talk with you. I hope if you are in Washington at any time you will call me and let me show you my shop.

Sincerely,
25X1A9a
